Such invoice may be sent to the Customer by post unless the Customer has requested and Exetel has agreed to send a copy of the invoice to the Customer electronically. For residential grade services, Exetel will not post any invoice, or send a copy of an invoice electronically, rather the customer must retrieve their invoice from their Secure Users Facility 'My Exetel'
- 10.3 Exetel is dependent on Wholesale Suppliers' usage records, which are displayed in the Customer online secure Member's facility 'My Exetel' or, if previously agreed to, are sent to the Customer by post or facsimile.

If Exetel receive usage records in time from the Wholesale Supplier, Exetel will make all reasonable efforts to include applicable usage records in the relevant billing period. However, this may not always be possible, for reasons outside the direct control of Exetel.

On occasion, usage records may be provided to Exetel from the Wholesale Supplier after the next billing cycle has occurred. Were this happens, Exetel will invoice the Customer for those late arriving usage records, in a subsequent billing period, or a later invoice. This is called back billing. Exetel will not back bill usage charges that have occurred more than 160 days prior to the current date.

If as a result of back billing, any plan allowances or inclusions are exceeded in the prior billing period any additional (excess) charges applicable from the prior period will apply for the current billing period as a result.

- 10.4 Exetel may invoice the Customer using a billing agent (which may be another Exetel Group Company).
- 10.5 The Customer may pay by one of the payment methods as set out in the payment notification, or on Exetel's websites. For residential grade services, payment can only be made by direct debit or credit card.
- 10.6 If the Customer makes a request to Exetel to pay by direct debit from its nominated bank or credit card account and Exetel agrees, the Customer must comply with all terms and conditions imposed by Exetel for the direct debit arrangement. In such event, the Customer acknowledges that the direct debit

arrangement may take up to thirty (30) days from the date of the Customer's request to put in place.

- 10.7 If the Customer's payment is not honoured for any reason, Exetel may charge the Customer a fee.
- 10.8 Subject to clause 11.4, the Customer must pay the entire amount invoiced by the due date specified in the payment notification, invoice or as otherwise notified by Exetel.
- 10.9 If the Customer does not pay the invoice by the date the payment is due, Exetel may:
- a. charge the Customer a late fee which is payable until all outstanding amounts are paid;
 - b. require the Customer to provide reasonable security to Exetel to secure the payment of future amounts due under the Agreement;
 - c. suspend or cancel the Service, in accordance with clauses 12 or 13 as relevant or the relevant Service Description. If Exetel suspends or cancels the Service, Exetel may charge the Customer a suspension fee, cancellation fee and/or reconnection or reactivation fee as set out in the Agreement. Reconnection or reactivation of the Service is subject to payment of the reconnection or reactivation fee;
 - d. engage a mercantile agent to recover the money the Customer owes Exetel and charge the Customer a recovery fee;
 - e. institute legal proceedings against the Customer to recover the money the Customer owes Exetel and recover from the Customer its legal costs; and/or
 - f. on-sell any unpaid amounts to a third party.
- 10.10 If the Customer has overpaid as a result of an invoicing error, the Customer's account will be credited with the amount overpaid or Exetel will use reasonable endeavours to notify the Customer and refund the over payment.
- 10.11 Unless otherwise indicated, the fees and charges set out in the Agreement include any amount on account of Tax. Where the fees and charges do not include an amount on account of Tax and Tax is payable by Exetel in relation to, or on any supply under or in connection with the Agreement, Exetel will increase the Tax exclusive fees and charges by an additional amount on account of the Tax. The Customer must pay the additional amount at the same time the Customer pays the fees and charges.
- 10.12 If the Customer requires a copy of any invoice sent by Exetel in relation to the Service after cancellation of the Service or termination of the Agreement and a copy of such invoice remains retrievable from Exetel's records, the Customer must pay Exetel's reasonable administration fee for such retrieval.

11. Complaints and disputes

11.1 If the Customer has any complaints in connection with the Service the Customer may complain in writing or by contacting Exetel.

11.2 Exetel will handle all complaints in accordance with the complaint handling procedure which is available on the Exetel website.

A copy of the complaint handling policy can be provided on request.

11.3 Exetel will use its best endeavours to resolve all complaints. However if Exetel is not able to resolve a complaint to the Customer's satisfaction, the Customer may take other action, such as informing the Telecommunications Industry Ombudsman, the Department of Fair Trading or Department of Consumer Affairs in the relevant state or territory.

11.4 Where a Customer's complaint is about a fee or charge for the use of the Service, Exetel may suspend payment obligations, for that fee or charge only, until the complaint has been investigated and resolved. All other fees and charges that are not in dispute remain due and payable.

This will be without prejudice to Exetel's rights under the Agreement with respect to the Service.

- (a) the Service is provided on a post-paid basis.
- (b) Any reference to a 'charge', 'cost' or similar for using the Service means a post-paid amount that will be subsequently billed and deducted from the payment method used by the Customer. It means that the Customer will later receive a bill that the Customer must pay. Exetel will present the Customer's usage and charges on an invoice and in the Customer's account details in the My Exetel portal for the Customer's records.

1.9 Post-Paid Mobile Voice Fleet Plans - Exetel may offer Post-Paid Mobile Voice Fleet Plans, Bolt-on's and PAYG charges in the form of different Plans which may each have their own price, description, entitlements, features, limitations, Expiry Period, and special conditions (Plan Terms). Exetel may discontinue plans and make them unavailable for future use, impose eligibility criteria on future use or otherwise restrict or limit their availability.

1.10 Rate Tables

- (a) For some of Exetel Plans, there is no separate rate for making a call, sending an SMS, etc. (e.g., where the Plan includes an allowance of minutes for a certain call type, or unlimited SMS's.)
- (b) Where a separate cost does apply for using the Service (e.g., making a call under a PAYG term), the applicable rates and charges are set out in the Rate Tables in the Rates section of our website. Customer's should check the Rate Tables carefully to see what fees and charges apply to the use of the Service by the Customer.

1.11 For International Roaming

- (a) Should a user of an Exetel provided mobile telephone service use the Service outside a connection area served by the parts of the Telstra network that are used to deliver

the Service, then the user specifically agrees that the charges applied to usage made outside the coverage area will be different, and almost certainly much higher than those for calls made within the coverage area.

- (b) These rates are known as "Global Roaming Rates" Global roaming rates are subject to many variables. Variances will largely depend on what the overseas roaming carrier may charge. These charges could be high call, message or data rates.
- (c) Exetel is in no way able to control these originating Roaming Rates and therefore cannot be liable for any Roaming usage that may be regarded as excessive in charge nor can Exetel make any assessment of what such call charges may be in advance of receiving the charge from the carrier concerned.
- (d) The Customer must ensure that the Customer is prepared to incur and pay the Pay As You Go (PAYG) charges on the Customer's service when the Customer makes the call, SMS/MMS message or data usage whilst Roaming.
- (e) International Roaming is available only in the selected countries. Customers should ensure that they are familiar with the Exetel International Roaming rates prior to travelling overseas.
- (f) So a Customer can use its phone overseas Exetel has enabled International Roaming by default. The Customer may block the usage of Voice Calls, SMS/MMS and Data individually when Roaming overseas to limit the Customer's use and cost of these service elements via the My Exetel App or web portal.
- (g) The charges to send SMS, make and receive standard calls, as well as using data when Roaming are higher and will vary for each applicable country.

1.12 With respect to device capabilities

- (a) as a minimum, the Customer's device must be compatible with 3G 850Mhz to use Exetel mobile services. All calls will be made and received on this frequency as Voice over 4G or LTE (VoLTE) is not possible. Please note Telstra's 3G Network will close in June 2024
- (b) To take advantage of 4G for data/MMS/SMS, a Customer must ensure that its device is compatible with 700, 900*, 1800, 2100*, 2600* MHz
*supported in limited locations only.
- (c) To take advantage of 5G for data/MMS/SMS, a customer must ensure that its device is compatible with 3600, 850*, 2600* MHz and 26*GHz
*supported in limited locations only
- (d) a Customer's use of the Service will partly depend on the quality, condition and capabilities of the Customer's device. For instance:
 - (i) a mobile handset that is only 3G-capable cannot access 4G features of the Service, a mobile handset that

is only 4G-compatible cannot access 5G features of the Service; and

(ii) a mobile tablet may not be capable of making or receiving voice calls or sending or receiving SMS.

1.13 As to coverage

(a) The Service is not available in all areas of Australia. You may obtain actual coverage maps showing where the Service is available in Australia from us or at exetel.com.au. The Customer is responsible for inquiring whether coverage is available in the area in which the Customer would normally use the Service.

(b) In areas that the Service is available, it is technically impracticable for us to guarantee that:

(i) the Service is available in each place within an area where there is coverage;

(ii) 'drop-outs' will not occur during a call; and

(iii) there will be no congestion.

(c) Due to technical reasons, we are not able to guarantee that calls to '13' or '18' prefix numbers will be diverted to the nearest location for that '13' or '18' prefix number.

2. Customer Acknowledgments

2.1 The Customer acknowledges and agrees that:

2.2 (a) the Service is conditional upon the Customer being charged a minimum amount each month as stated in the Application and if the Customer incurs a charge that is less than such minimum amount in any month, the Customer will be invoiced for the minimum amount for that month;

(b) any person who the Customer allows to use the Service is deemed to be authorised by the Customer to use the Service and the Customer will be responsible for all charges incurred by such person;

(c) the Customer is solely responsible for all charges incurred in using short message services (SMS) including charges incurred in replying to bogus or nuisance messages received via SMS;

(d) as the service is a post-paid service, Exetel will charge the Customer monthly after the Customer takes any action on the Service that incurs a charge such as PAYG chargeable service use or Data, IDD or Roaming Bolt-on purchase. Exetel will charge the Customer the monthly Plan fee automatically at the end of the monthly plan validity period unless the Customer cancels its Service. These charges will be detailed on the Customers invoice or My Exetel portal;

(e) the Customer will be at least 16 years of age;

(f) the Customer will have a compatible phone handset, which the Customer must supply and maintain at its own cost;

(g) the Customer will obtain an Exetel SIM card from Exetel;

(h) if the Customer's SIM card is not already activated, the Customer will activate it either at exetel.com.au or by calling 13 39 38 (free call from an Exetel mobile service). When activating a SIM card, the Customer needs to:

(i) provide Exetel with its details and other information; and

(ii) complete an identity verification as required by Australian law;

(i) The Customer will activate its SIM Card within 60 days from the date of purchase.
